

Briefing Document

Manager – Last Mile Operations

Department Code

DEP_913

About the Organization

About Delhivery

We are India's largest fully integrated logistics provider. We aim to build the operating system for commerce, through a combination of world-class infrastructure, logistics operations of the highest quality and cutting-edge engineering and technology capabilities.

Since its inception in 2011, our team has successfully fulfilled over 2 billion orders across India. We have built a nation-wide network with a presence in every state, servicing over 18,600 pin codes. 24 automated sort centres, 94 gateways, 2880 direct delivery centres, and a team of over 57,000 people make it possible for us to deliver 24 hours a day, 7 days a week, 365 days a year.

Vision

We aim to build the operating system for commerce, through a combination of world-class infrastructure, logistics operations of the highest quality, and cutting-edge engineering and technology capabilities.

Team

Delhivery was founded in 2011 by Sahil Barua, Mohit Tandon, Bhavesh Manglani, Suraj Saharan, and Kapil Bharati and is now 95,000+ people strong.

We are building the Operating System for Commerce

Key Responsibilities

- Ensures end to end smooth running of station operations for the assigned area/cluster.
 - Ensures all the operational SOP's are followed, and timely audit is conducted.
 - Monitors Zero Breach across Region in terms of shipments closures within defined TAT.
 - Monitors zero missing shipments in terms of Value & Numbers and ensures zero fake updates in the software
 - Directly responsible for reduction in cost by monitoring per shipment cost and increase in productivity by maintaining PDD (Promise Delivery Date)
 - Responsible for operational budgets (amount allotted to run the DC), cash management (petty cash, OPEX) and fleet management
 - Suggests various models for new pin code expansion of new location / cities across cluster and scouts for facilities for the new DCs
 - Acts as a people manager and coordinates with HR for FEs' salaries, other issues & grievances.
 - Takes care of new initiatives like involving 3rd party for the distribution of shipments wherever there are a smaller number of packages
 - Monitors security parameters across region and ensures no unlawful activity occurs
-
